

OFFICERS FOR ENSUING YEAR

Are Elected at Meeting of Winchester Lodge No. 82, W. O. W., Friday Night.

The following officers were elected at the regular meeting of Winchester Lodge No. 82, W. O. W., Friday night: J. E. Tanner, C. C. S. L. Lipscomb, Adj.-Lieut. F. C. Singleton, banker. J. O. Piersall, clerk. P. Hagan, escort. L. Brookshire, watchman. J. G. Tanner, sentry. D. M. Tanner, manager. J. E. Botkin, manager. E. R. Bush, physician. W. A. Bush, physician.

CLARK COUNTY FARM REPORTS

Mr. Wallace Reese Claims to Have Banner Crop of Tobacco. Young Cattle Are in Demand.

Mr. Wallace Reese claims to have the banner crop of tobacco. He cultivated 12 acres just south of the city and expects an average of 1700 pounds to the acre. It is as fine as silk and has a uniform light color. As a test, Mr. Reese will place a small part of his crop on the Lexington market next week. Winchester sacrificed her tobacco trade to promote the Burley society, and was in turn deserted by the managers of the society.

Grain sown in the fall is reported in fine condition. The heavy snow now on the ground will continue to improve these crops. Corn was better than an average, and is selling at 50c per bushel, delivered. Less hemp is raised in this county than formerly. The crop is about an average yield. The fall grass was extra good, the grades of stock are in good condition. Little feeding was necessary until the past week.

Less attention is given to sheep raising than in former years and little is doing in this line. Some of our traders lost heavily on hogs, but prices are picking up and there is a strong demand now at \$7 or better per hundred. Young cattle are in demand at prices according to grade. Our breeders are learning the advantage of pushing young stock.

DEATHS AND FUNERALS

Mr. Millard Moores.
The funeral services for Mr. James H. Moores' 16-year-old son, Millard J. Moores, who died at his home in Athens, Fayette county, Saturday afternoon at 3:30 o'clock of meningitis, took place at the Baptist church at Athens Monday morning at 10 o'clock. The burial was in the Lexington cemetery at about 12:30 o'clock. Millard was the only son and his parents are almost prostrated by the blow that has fallen upon them. Three sisters are left to mourn his untimely death. His father is a well-known merchant in Athens.

YOUNG WOMAN ASPHYXIATED

Melvie Stuart, Who Came From Lexington, Spends Night at Winchester Hotel and is Found Dead in the Morning.

Melvie Stuart, of Morehead, was found dead in room 8 at the Winchester hotel Sunday morning. The woman was about 28 years old and came to the hotel Saturday night from Lexington. She was accompanied to the hotel by another woman, who refused to give her name and two men, Mr. Rodney Brookshire and a man by the name of Arnold. It seems that the men met the woman on a C. & O. train and took them to the hotel for the night. They came here on the 6:30 train and after taking a lunch at Profit's restaurant the man by the name of Arnold, with Brookshire, took the woman to the hotel and obtained rooms for the

night. Arnold made arrangements with Mrs. Kennedy, the proprietor of the hotel, and told her that the woman were his and Brookshire's wives. Mrs. Kennedy arranged the rooms and the couples separated and went to their rooms and nothing was seen of either Brookshire or the woman at the hotel until Sunday morning, when she was found dead in her bed.

She was found by Arnold, who noticed that she had not gotten up, went to her room to call her. He knocked and not receiving an answer opened the door, which was unlocked, and went in. There was an awful odor in the room, he says, and when he looked at her he saw that she was dead. The room in which she was found was a very small one with no windows in it. A small gas stove without a pipe is used for heating it and at the time Arnold found her it was on at full force. A transom above the door was closed and there was no means for ventilation and it is supposed that she was suffocated to death.

As soon as she was found Dr. J. N. Rankin was summoned, but he could do nothing to revive her, for she had evidently been dead several hours.

Mr. Brookshire, who went to the hotel with her, stated at the coroner's inquest, which was held by Mr. H. C. Nunnelle, coroner, Sunday afternoon, that he only stayed in the room with the woman a few minutes, and then went up town, never returning, and produced witnesses which bore him out in the statement. He said that as he left she was preparing to go to bed, and that the stove was burning at that time. He said that he never returned and knew nothing of her death until Sunday morning.

The woman had been married, but her husband is dead. Her father is also dead, but after several hours' effort a brother was located at Morehead, and he came down Monday morning to take charge of the remains.

The inquest was held at the court house at 2 o'clock, and after hearing the testimony the jury returned the following verdict:

We, the jury, find the body under investigation to be that of Melvie Stuart, aged about 28 years, and from the testimony further find that she came to her death in a room of the Winchester hotel from suffocation from gas in a very close room without ventilation.

LEPROSY CASE FOUND.
KANSAS CITY, Mo., Dec. 12.—What doctors believe to be a well-developed case of leprosy was found Saturday in the General hospital here, in the case of Tom Psalamatis, a Greek laborer.

RESCUERS MEET THE SAME FATE

As Their Comrades, Whom They Were Trying to Render Assistance. Entombed in Mines.

WINNIPEG, Man., Dec. 12.—Fifty rescuers working in the Western Canadian collieries, Bellevue, where 45 miners were entombed Friday, suffered the same fate as their comrades Saturday afternoon.

A relief party from Fernie has been rushed to the scene and a party of experienced miners from Coleman was also rushed to render assistance.

Eighteen men of the original number entombed were taken out alive and 25 bodies recovered when the shaft in which the rescuers were working tumbled in.

Five officials and government inspectors are on the scene, but dispatches fail to say whether they are safe or not. It is said that fire has again broken out and another explosion threatens.

Late Saturday night 45 bodies had been recovered from the mine. These include 34 employees of the mine and 10 members of the rescue party from Hosmer and Frank, who went into the mine and were entombed.

DIDN'T KNOW IT WAS LOADED

Little Boy Pointed Shotgun at His Brother, Pulled Trigger and Shot His Head.

PITTSBURG, Pa., Dec. 12.—While Clarence, aged 10, and Emmett, aged 8, sons of William E. Younkens, a wealthy merchant of Ford City, near here, were playing Indians at their home Saturday, the elder brother blew off Emmett's head with a shotgun. Another brother, an infant, who was also in the room, narrowly escaped being shot.

The father of the boys was at his store and the mother had gone to church to attend a funeral, leaving the boys alone with the servants. The boys started the game of Indians, and later, Clarence hiding in one of the rooms, discovered one of his father's shotguns.

Descending to the drawing room where the others were and not knowing it was loaded he pointed the weapon at his brother's head and pulled the trigger. Being at short range, the charge tore off almost the entire top of his brother's head. The youngest brother, who was near, was drenched with blood.

FOUR BODIES ARE DISCOVERED

In Manger of Stable Near Olathe, Kan., by Neighbors. Clue to Murders Is Very Slight.

KANSAS CITY, Mo., Dec. 12.—At Martin City, Mo., 20 miles south of this city, the bodies of Mrs. Sarah Bernhard, aged 75, her son George, aged 40, and two other men were found covered with hay in the manger of the Bernhard stable, near Olathe, Kan., by neighbors late Saturday afternoon.

The Bernards lived alone on their farm and are reported wealthy. Olathe, Kan., the county seat of Johnson county, is the nearest town of any size to the scene of the murder. It is 10 miles from Martin City.

According to Mr. Little, a neighbor, none of the murdered persons had been seen by neighbors for several days. Saturday it was decided to make a search of the farm.

From the condition in which Mrs. Bernhard's body was lying it is believed by the officers that she was in the barn at the time of the assault, and after being beaten about the head ran to the hayloft and hid.

The sheriff of Johnson county, Kansas, is working on the theory that the murder was committed by a former

hired hand with whom the owners are known to have had trouble over money.

All the victims evidently had met their fate in the same manner, the heads of all having been beaten as by a club. All had been dead for several days. County Attorney C. B. Little, Coroner D. E. Bronson and Sheriff J. S. Speed went to the scene of the crime.

HIDING PLACE OF HER MONEY

Is Revealed by Woman Who Is Tortured by Two Masked Burglars. Is Now in Critical Condition.

CHICAGO, Dec. 12.—Dragged from her bed by two masked burglars, one of whom held the sharp end of a dagger's point at her throat, Mrs. Henry Lorenz, 3055 West Ravenswood Park, was tortured Friday night into revealing the hiding place of her money. She is in a critical condition as the result of her experience and the police of the Sheffield avenue station are looking for the daring burglars.

Frightened almost into hysterics, Mrs. Lorenz was forced out of bed and led the marauders to some small savings which she had intended to use to make Christmas cheer for her husband and child. The men took and then hurried from the house.

Henry C. Bogue was beaten almost to death by the two robbers who were frenzied at not finding their victim's money in his pockets. At the Monroe Street hospital Saturday it was said Bogue's skull is fractured, that he is injured internally and probably will die.

Chester Reid was held up and robbed of \$8. The highway car shoved his fist into the victim's mouth so he could not make a noise while he went through his clothes.

Louis McMichael, under arrest at the Hyde Park police station as the "strangler who has terrorized Hyde Park women for weeks, Saturday confessed to committing a burglary and the attempted hold-up of an Illinois Central station.

POPULATION OF UNITED STATES

Is Shown to Be 93,402,151, and Includes Porto Rico and Hawaii, but Not the Philippines.

WASHINGTON, Dec. 12.—The total population of the United States is 93,402,151. This estimate, including Porto Rico and Hawaii, but not including the Philippine Islands, which at the last census taken in 1903, was 7,635,426, shows that there are at present more than 101,100,000 persons who are living in territory owned by the United States.

The gain in population of the United States and its dependencies in the last decade is 16,145,521, or 20.9 per cent. The population of the continental United States is 91,972,266, an increase of 15,977,691, or 21.1 per cent over 75,994,575, in 1900, when the increase was 13,046,861, or 20.7 per cent over 62,947,714, the total in 1890.

This percentage of gain is not at all phenomenal, although larger than that for the last census, which was 20.7 per cent, but in the decade ending in 1880 the increase was 30.1 per cent and in the previous decade 24.9 per cent.

JURY UNABLE TO REACH AGREEMENT.

The case of Elder vs. Hodgkin, which was begun in the Clark circuit court Saturday morning, was finished Monday morning, but at noon the jury had not been able to agree on a verdict. The case of Clay vs. Chenail et al. was called and it will take at least two days to try this case.

AERIAL TAXI IS ESTABLISHED

M. Maurice Farman Takes American Visitor to Paris for Ten-Minute Flight for \$40.

PARIS, Dec. 12.—The aeroplane industry in France is at present suffering from a severe slump. Within the past few months orders have fallen off rapidly, and three of the constructors of aeroplanes recently discharged no fewer than 122 of their workmen.

This slackness is attributed to the waning interest in flying as a sport in consequence of the number of fatal accidents to aviators. Moreover, aviators complain that the cost of flying is so heavy that only those with ample means can take it up.

Manufacturers are turning their attention more and more to the commercial aspects of flying, and are trying to develop machines for various practical purposes.

M. Maurice Farman has already completed several "aero taxis" and taken "fares" for ten-minute flights for \$40. Rich American visitors to Paris are his most numerous customers.

DISGRACEFUL CONDITIONS

Outlined by Rev. John Hazen White. Who Says There Is a Divorce in Every Seven Marriages.

BOSTON, Mass., Dec. 12.—Right Rev. John Hazen White, bishop of the Northern Indiana Episcopal district, said here Saturday that divorce conditions in his state are disgraceful. He said that in Indiana there is a divorce in every seven marriages.

"Such a condition of affairs," said Bishop White, "is a disgrace to any civilized society, and I sincerely hope that the people will wake up before it is too late."

"The divorce evil has reached startling proportions, and there should be a check to safeguard the nation. Society is built upon the family, and when the family is unstable, society totters and is in danger of falling. Institutions which allow divorce freely and for little or no reason are like houses built upon sand."

Bishop White said he thought women who own property should be allowed the right to vote, although he questioned the wisdom of extending equal suffrage to all women.

"I confess I would be sorry to see women mixing with all kinds of men at the polls," he said. "Woman has a plane in the world, and that plane is the home. I think the right of women is undeniable, but I feel also that she would be unwise in availing herself of that privilege unless there is much greater need of her doing so than there is at present."

Stuart, a brother of Melvie Stuart, who was found dead Sunday morning in her room at the Winchester hotel, arrived in this city Monday morning and had the body shipped back to her home at Morehead. Mr. Stuart did not accompany it, and will stay here for a while. It is said the girl carried an accident policy of \$1000.

INVENTOR OF CHILLING PLOW

Dies Suddenly Saturday Afternoon at His Winter Home, Ocean Park. Near Los Angeles, Cal.

South Bend, Ind., Dec. 12.—William L. Cassaday, millionaire plow manufacturer and inventor, of South Bend, died suddenly Saturday afternoon at his winter home, Ocean Park near Los Angeles, Cal. Death was caused by heart disease.

He was 66 years old and one of the most prominent manufacturers in the Middle West, being president of the South Bend Chilled Plow company, which he organized 23 years ago. Cassaday, although deprived of educational advantages, rose from a common laborer to one of the wealthiest men in Indiana.

While working in his small shop more than a quarter of a century ago he solved the problem of chilling plows, and this discovery was the foundation of his fortune. Since this discovery he has invented and patented over 200 articles. Mr. Cassaday was born near New Carlisle, St. Joseph county, Ind., in 1844.

DECEMBER IN THE STORES.

The merchant now reaches the period when he expects double business. He has locked up an unusually large amount of money in his goods, he has made some arrangements for extra help and overtime.

To make sure that he be not left stranded with a lot of unsalable holiday goods, he ought to provide for a quantity of advertising in proportion to his expected receipts, and comparing with the additional amount of capital invested in his wares.

The well regulated business sets aside at the start a definite proportion of its receipts for advertising. Few holiday shoppers would go to a store where there was only a meager number of salespeople to show goods. Yet some merchants try to handle the big Christmas stock without the most important salesman of all—the newspaper that is admitted to all the homes for a long heart to heart talk with the buyers.—Lexington Leader.

THE WOMAN AND HER FAITH.
Not Christian Scientists alone, but people of all faith and no faiths, join in tributes to Mrs. Mary Baker Eddy, one of the most remarkable women the world has produced. What the doctrinal teachings of Christian Science are, we do not know; we do not know wherein its interpretation of the Bible differs from that of the Evangelical churches.

We do not understand the principle underlying its healing; we cannot, to our own satisfaction, differentiate between the subconscious and the Divine mind. But this is known to all, that Christ gave to His disciples power to heal all manner of sickness and all manner of disease, and this power was not limited to The Twelve.

It is known that Christian Science numbers its adherents in this country and Europe by the millions. It has become in one generation one of the strongest of the churches, numerically and financially, while none are more closely united or of more perfect coherence.

Moreover, its teachings are accepted, not by cranks and faddists, not by those always seeking something new, but by the educated, the

WINCHESTER LUMBER & MANUFACTURING CO.

cultured, the thoughtful and the student. Whatever its secret may be, it has produced a wonderful faith, a marvelous spirit that shows in a power of self-command, of self-denial, of sympathy and helpfulness that is truly Christian.

It has brought a new power into the world, which has gained its way against the fiercest and most stubborn prejudice, against ridicule, scorn and almost ostracism, until it has compelled recognition and respect with the acknowledgment of its permanency.

Today, while millions profess open allegiance to Christian Science, many more express a sympathetic interest in it. From a mysterious, sort of uncanny and somewhat dangerous cult, allied with the black art, to be approached only by those insulated in dread and suspicion, it has taken its place as a faith and as a church.

Mrs. Eddy's dominance has also been resented. She has been misinterpreted, maligned and persecuted. Volumes have been written against her. Her power as an executive, her administrative ability and her gift of organization were as wonderful as the faith she founded. Yet that she built her structure on broad, sound, permanent administrative principles, instead of founding a house of cards on shifting sands, has been the cause of most of the attacks personal to her.

In this, however, her experience was no different from that of any other great and strong personality in the world's history, and few have left to the world a greater heritage.—Editorial, Duluth, (Minn.) News.

Dr. Woodrow Wilson, governor-elect of New Jersey, has started out to prevent the Hon. James Smith from being elected Senator, and Governor-elect Foss, of Massachusetts, is on the trail of Senator Lodge. We have heard of men that wanted to do too much.

Now it is proposed to have another holiday, the 25th of April, in honor of the name "America." There are some people who would like to have a holiday every day in the year.

A BAD COLD IS EASILY BROKEN

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

There is not one grain of quinine in Paper's Cold Compound, which, when taken every two hours, until three consecutive doses are taken will surely end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Paper's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or had after-effects as 25-cent package of Paper's Cold Compound, which any druggist in the world can supply.

CHURCH BUILDING TOTALLY WRECKED

While 50 Children and Adults Are Rehearsing for the Christmas Entertainment. None Are Injured.

WILKESBARRE, Pa., Dec. 12.—While 50 children and adults were rehearsing for the Christmas entertainment at the brick M. E. church at Durycia Saturday night the church was wrecked by a cave-in of a shaft of the William A. colliery of the Lehigh Valley Coal company under the church. The occupants were thrown into a panic, but were led safely out of the building by Pastor Thomas Evans, and no one was injured.

The building was so badly wrecked that it will not be fit for use in the future. The ground cracked for a quarter of a mile about it and damaged many buildings.

The little town was thrown into a state of great excitement. The church which was so badly damaged was erected in 1849, and is perhaps the oldest building in that region.

New Fad.

It is becoming quite a fad in Pendleton for the girls to go hunting with the young gentlemen. A tragedy nearly occurred the other day over in the neighborhood of Lenoxburg. A young man shot at his sweetheart in a dense thicket because she looked like a deer to him. She returned the compliment because he resembled a rabbit.—Falmouth Outlook.

Charming Entertainment.

Powhattan, an attractive Indian entertainment, will be given at the Winchester opera house Thursday, Dec. 15, under the auspices of the daughters of the Confederacy.

American history contains no more interesting or pleasing incident than that of the beautiful Indian princess, Pocahontas, saving the life of John Smith, the historian and explorer, and her final romantic marriage to Captain John Rolfe.

Her womanly courage, her fidelity to the white race, and the dawn of the light of civilization which lifted her from savagery to the court of King James and the admiration and love of the English speaking world, marks a strong personality which the American people will ever keep in fond remembrance.

Whether or not the tradition of the rescue of the gallant Captain John Smith as he was about to be slain by her father's tribe be true, the nobility and beauty of character of the Indian maid, the favorite daughter of the famous chieftain, Powhattan, is no less remarkable.

That she was the "power behind the throne" is beyond all doubt, and to her must be given the credit for

the influence that several times saved the absolute extermination of the English-speaking settlement, which today claims the attention of the world as the cradle of the Republic. History tells us that Pocahontas married John Rolfe, and from that union has descended many illustrious Virginians. On that notable wedding day the American aborigines and the white men concluded a peace which was stamped in brass and proclaimed to whomsoever it might concern. And thus this beautiful and romantic Indian story is woven into and made the theme of the popular and delightful Indian entertainment called "Powhattan," and which has proven such a gratifying success wherever exhibited.

Very earnest efforts are being put forth in its preparation for presentation in Winchester and all seems to promise that its production Dec. 15 will prove one of the very best performances ever offered in our city. The following is the cast of characters:

Powhattan—Mr. Fred Dakin.
Medicine Man—Mr. Otto Hissel.

ARE YOU DEAF

Catarrh Is Probably the Cause. Get Rid of the Cause.

If you have catarrh and have constant ringing noises in your ears look into the matter at once.

It's a pretty sure sign that catarrh is spreading and is making its way through the Eustachian tubes that lead from the nose to the ears.

When catarrh gets to the ears partial deafness follows. If you have ringing noises in your ears go to Phillips' drug store and get a HYOMEI outfit and drive out catarrh.

To cure catarrh HYOMEI should be breathed through a pocket inhaler for a few minutes, four or five times a day. Just pour a few drops into the hard rubber inhaler and breathe it.

It kills the germs; soothes the irritation; heals the inflammation; stops hawking, spitting and snuffling.

HYOMEI keeps the throat free from mucus and prevents crusts in nose.

The complete HYOMEI outfit which includes the little indestructible hard rubber inhaler, a bottle of HYOMEI and simple instructions for use costs \$1.00. Separate bottles of HYOMEI costs 50 cents at Phillips' and druggists everywhere, on money back plan.

SECOND LIFE ON EARTH As a Reincarnation of Sesostris Is His, Says Pierre Loti.

PARIS, Dec. 12.—Pierre Loti, the somewhat eccentric and "precious" French author, insists that he is having his second time on earth. He declares that he is only a reincarnation of the Egyptian King Sesostris. To prove it he had postal cards printed with the profile of the Sesostris mummy side by side with his own.

The likeness is said to be striking. Both profiles have a receding forehead and a hawklike nose, while the two chins are exactly similar. Below the two profiles is the occult inscription:

"Sesostris, reincarnated in B. C. 1250."
"Pierre Loti, not yet reincarnated in A. D. 1910."

WIFE'S STORY

That Butler Killed Himself Will Be Investigated at Lima, Ohio.

LIMA, O., Dec. 12.—Following a quarrel at their boardin' house, and in the belief he had killed his wife with a previous shot, Joseph Butler, aged 40, who recently came here from Mt. Vernon, according to his wife, the sole witness, turned the gun on himself, and, with the words, "I have killed her and nobody will ever get me for it," fired and dropped dead.

The shooting took place early Sunday morning. The police say they will investigate the story of the wife.

Mrs. Butler says that when her husband fired fire she dropped, rolled under a bed and "played dead," but only one chamber of the revolver was found to have been used.

STRONG EVIDENCE

NEW YORK, Dec. 12.—Decisive additional evidence against the "kidnappers' trust" was obtained Saturday by Deputy Police Commissioner Flynn when in his presence little Michaelo Rizzo positively identified Mrs. Maria Rappo as the woman who watched over him while he was held by the Italian gang. Giuseppe Longo was found in the possession of the Rappo woman when the police recovered him.

New York detectives are now in the Italian colony of South Chicago hot upon the trail of Rosario Castell, who is wanted as a member of the band which held little Michaelo a prisoner.
